From the Editor, Harley Wadsworth

Looks like another active and fun year for our chapter! Our membership is growing which makes it all the more exciting. Will is embracing his new assignment as our chapter President and definitely is the right man for the job. Bob did an exceptional job the last three years and we thank him for leading us to where we are.

From the President, Will Taylor

Well here we are, through another holiday season that just seemed to blaze on through and already into a brand new year!

With the new year comes some changing of the guard in the chapter's officer positions as the torch is passed on to the new Vice President Robert Richter-Sand (Bob), Treasurer Art Woods, Class III Director Joyce Woods, and of course myself as President. Officers staying onboard to help us along the way: Todd Blue, Russ Prina, Laura Tweed and Harley Wadsworth.

A big thank you to Bob Waters, Steve Rokicki, Curtis Smith, Chuck Swanburg and Dean Wadsworth for your service as our preceding officers, we will strive to maintain the quality leadership for the chapter that you all have demonstrated!

Another big thank you to Russ and Margaret Prina who once again welcomed us all into their home and provided a warm and festive venue for the chapter's Christmas party last month!

Our annual board / transition meeting was held January 13, our proposed budget for the year has been set and we are ready to gear up for another great year of events and flying. Chapter events coming up are of course Young Eagle rallies (one quickly approaching February 15th at Double Eagle), our DEAA (Double Eagle Aviation Adventure) summer camp, and of course LOEFI! These events have many opportunities to volunteer, whether you join a committee for DEAA or LOEFI planning, pilot Young Eagles, or simply come out and help staff a table or take pictures! Whatever capacity you care to serve, come out and join the fun and share your passion of aviation with others this year! Also, if you have some ideas on reaching out to prospective new members or thoughts for the chapter

to help further promote general aviation, let us know we want to hear them! Our best resource for new and great ideas is right here, you, our members!

I look forward to seeing you all at this month's meeting! WT

Someone didn't get home from the Christmas party with all their possessions. I managed to get home with a utensil that did not belong to me nor to the Chapter. My best description is a large "spork," stainless steel with no pattern imprinted, 9" long and about 2-1/2" wide. I'll bring it to the January meeting, and hopefully one of you will get out of the doghouse for having lost it. Joy Beasley
