LOEFI 2026 - A GIANT SUCCESS

After rain on the day of LOEFI 2025, and the persistent rains we've had this year, including nasty thunderstorms Thursday & Friday before LOEFI, to drive into the airport and peer through dense fog at 5 AM was totally disheartening. But the sky was promising by 6:30, and then at 7, voila!! Bright blue sky. Hope you enjoy this newsletter devoted to LOEFI 2026!

September Gathering Presentation

We thank Barry Roth, archivist and historian for the National UFO Research Center, for his interesting and educational presentation at the September Gathering. Housed in Rio Rancho as part of the Martin Luther King Elementary grade school, records number over 175,000 clips, videos, and declassified military documents. <https://nufohrc.org/>

2027 Chapter Election

Per Chapter 179's charter, the nomination slate is to be presented at the October meeting with elections held in November. There are 2-director positions open and all officer positions are up for election each year. If you want to help Chapter 179 get even better using your background and skills running the organization, please contact one of the nominating committee members – Gil Merriman, John Dewitt, Joyce Woods and Gwen Walcott – at chapter@eaa179.org.

Chapter Board Meeting Recap – August 4, 2026

Diana Volker, Secretary

The EAA Chapter 179 Board met on October 6, 2026. The following is a summary of the topics discussed, and the decisions made.

- The remaining chapter meetings and the December 15th Holiday Party will be at Red Lobster at Montgomery and San Pedro.
- A Flying Start seminar with flights, for the participants, is being planned for late October or November. Mia Alderete is leading the planning.
- Our Chapter 179 Ray Scholar, Gabriel Pohl, has finished his Private Pilot Certificate and his Instrument rating and is well on his way to his Commercial Pilots License. Go Gabriel!
- The November Young Eagles Event will be held on November 14th and registration is open. We need a volunteer to work with coordinating the Young Eagles events. Some minor computer skills are required.
- LOEFI was a great success, and the chapter sends a “BIG THANK YOU” to all our volunteers. Mark Wilson introduced the avenue of flight. The aircraft display was great. Caesar, Jim and Doreen implemented a “passport” type card that those interested in flying the simulators had to fill out prior to being eligible. The passport required them to get exposure at various education stations so that when they got to the simulators, they had some basic knowledge of aircraft instruments and aerodynamics making their simulator experience much more meaningful.
- The nominating committee is putting together a list of 2027 leadership candidates. The slate for next year's chapter leaders will be presented at the October 20th monthly chapter gathering. Interested in being a chapter leader? Contact Gwen, John or Joyce. Make your voice heard! Don't miss the November Annual Meeting and the chance to make a difference.
- IMC Club meets on the 3rd Saturday of the month. You can join in person at 9:30 in the city conference room or join online. Join to sharpen your instrument skills and help sharpen the skills of other pilots. Wings credit is available on FAASafety.gov.

Diana Volker
Secretary, EAA Chapter 179

October Chapter Gathering

Tuesday, October 20, 2026

NOTE LOCATION

Red Lobster Restaurant, 5555 Montgomery Blvd NE

5:00 PM – No host dinner social

6:15 PM – Intros, Program

Arrive anytime from 5pm; dinner not required.

Program: History of the Albuquerque International Sunport by Fred DeGuio

Beginning with the story of two Santa Fe Railway employees who constructed Albuquerque's first airport in 1928, the stage was set for the establishment of what is now the Albuquerque International Sunport. The "Sunport" first opened in 1939 with service by two air carriers, one with an east-west route and one with a north-south route, and soon became an air transportation hub for the State of New Mexico now handling more than 5 million passengers per year with multiple airlines flying nonstop to over 30 destinations.

NOTE LOCATION

Location: Red Lobster Restaurant

5555 Montgomery Blvd NE (at San Pedro Dr NE)

Directions: From I-25, take Montgomery exit, eastbound. Turn left into the parking lot, just before San Pedro Dr NE.

Not just seafood! Check out their broad menu including pastas, chicken, bowls and sandwiches. And great seafood, too! [MENU | Red Lobster Restaurant](#)

Monthly Chapter Gatherings offer time to network, with programs centered on exchanging experiences and ideas about aviation – airplanes, flying, and flying activities – rather than the chapter business addressed in Board meetings.

We hope to see you there!

September Chapter Gathering (RECAP)

Art Woods

Nation's Largest UFO Historical Archive

By Barry Roth, Chief Historian / Archivist

National UFO Historical Records Center

Martin Luther King Elementary School, Rio Rancho

With my conversation with Barry before his presentation, he asked, "what is EAA"? When I explained the several facets of general aviation, and that the national organization got started in the 50's by those wanting to design/build their own airplanes, he said this would be his first time presenting to a pilot group!!

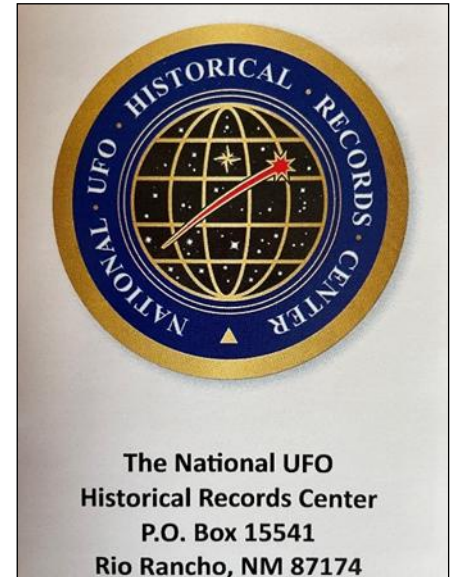

Barry Roth has been interested in this subject since he was 15 years old. He has been a passionate researcher and has read hundreds of books and reviewed unclassified documents on unexplained aerial phenomena and related subject matter.

Barry came to talk to us about another of New Mexico's hidden treasures, the National UFO Historical Records Center. The Center, a 501(c)(3) non-profit organization, has one of the world's largest collections of UFO documentation dating back to the 1950's, including over 175,000 documents, newspaper clips, audio recording, video on reel to reel and more.

The Center recently signed agreement with a branch of the US Department of Defense to further add access to all military data that used to be classified. As a historian/archivist, Barry is excited about the world of AI once all of their records are digitized.

He showed several videos from KOB 4 News, CBS's 60 Minutes and footage from a couple of military encounters that were caught on FLIR (forward looking infrared), in addition to visual contact by two separate crews. One of these sightings was by the aircraft carrier USS Nimitz, in 2004, off the coast of San Diego. This event was declassified in 2017.

Tours are still available. Visit their website – <https://nufohrc.org/> – to request a tour, learn more or donate.

Membership

Gwen Walcott, Membership Chair

Autumn trends to be a magical time of year:

- The heat of summer diminishes,
- The wet of the late summer monsoon wanes.
- The color of the leaves of trees in many of our counties and in different States blossom with splendor.
- And, the end comes to the membership year for the Chapter when Autumn turns to Winter.

Now is a Great Time to get your Membership Bona Fides in Order.

Many applicants for Chapter 179 Membership have either let their EAA membership lapse, or haven't bothered acquiring legal membership.

For those who membership have lapsed or for those who haven't joined the EAA, there is no better time than now to get your membership status in order and get your Identification Card up to date. It merely requires an internet trip to <https://www.eaa.org/join.aspx> to either join or re-new your membership.

Remember, **Membership with the National EAA organization is also required to be current**, but runs annually from date of joining/renewing (*unlike Chapter membership, which expires every December*).

We hope that you plan on renewing for the coming year; but wait until after Thanksgiving to submit your renewal.

If you decide not to renew Chapter Membership, know that we, The Board of Directors, and members of the Chapter have enjoyed your time with us and that your presence and contributions will be missed.

Gwen Walcott

Membership Coordinator

CAP – 2Lt Carol Orona

My apologies for anybody that I've missed, Thanks to all!

IMC Club Meeting

Barry Harper and John DeWitt, IMC Club Coordinators

Sharpen your Instrument Flying Skills!

The chapter IMC Club meets the 3rd Saturday of each month at Double Eagle II Airport, still a hybrid session (in person or remote). Anyone welcome!

NEXT MEETING

Saturday, October 17, 2026 9:30—11:00 AM

IMC Club sessions provide an open discussion based on instrument flying scenarios. Discussions provide a good review of essentials for IMC flight plus a fun way to meet and learn from other instrument pilots.

Participate in-person at Double Eagle II Airport in the City of Albuquerque Maintenance Building Conference Room

Directions: Enter the gate straight ahead from the last stop sign before turning left towards main airport parking lot. City building is the first building on your left. **Security holds this gate open from 9:15—9:45.**

OR Join Remotely via ZOOM: Register in advance for Zoom access info: <https://us06web.zoom.us/join/register/LZUnDWr5SRCq4comw28BKq>

You will receive a confirmation email with the meeting Zoom link.

If you'd like FAA Safety WINGS credit, please ALSO register through the WINGS announcement as follows, or sign in-person at the meeting.

- Visit the FFAST [Seminars & Webinars page for Events at KAEG](#).
- Scroll to the bottom and select the IMC Club Meeting.
- Follow Registration instructions

See you there!

Barry Harper & John DeWitt
IMC Club Coordinators, EAA 179

Announcement of Chapter 179's Annual Membership Meeting

Joyce Woods

Chapter 179 will hold our Annual Membership Meeting during our November Gathering on November 17, 2026 when we will elect 2027 Officers and fill open Director positions. Members are encouraged to participate in nominating and selecting chapter leadership for the coming year. We need a quorum of 20% of our membership. If you are unable to attend in person, you may assign your voting proxy to any member in good standing. Email Proxy forms are accepted (suggest copying wording below. Electronic signature accepted.) Send to us at chapter@eaa179.org

EXAMPLE PROXY FORM

I, _____ assign my proxy for the November 17, 2026 Chapter 179

Annual Membership Meeting to _____

Signed, _____

Nominating Committee Report

Nominating Committee: John DeWitt, Gwen Walcott, Joyce Woods

Your chapter Nominating Committee recommends a slate of officer candidates to serve one year starting January 1, 2027. Director terms are as noted. We still need a volunteer to serve as Vice President. Feel free to contact any of us if you are interested.

Additional candidates for any position may be nominated from the floor by any current member in good standing during the Annual Membership Meeting. Self-nominations are welcome.

Proposed 2027 Slate

President - Art Woods
Vice President – To be determined
Secretary - Diana Volker
Treasurer - John DeWitt

Directors:
George Young (2 year term)
Tanda Headrick (2 year term)
Carol Sugars (1 year term)

Continuing as 2027 Directors:
(not up for election this year)
Alex Basinger
Kyle Reinhardt

A few notes:

- For reference, click here to review our current [Board & Committee Leadership](#).
- Joyce Woods resigns from her Director position as “past president” to create an opening for a new Board member.
- Board meetings are typically held one evening every odd month via Zoom. Any members are welcome and encouraged to participate.
- Various committee positions are open - if interested, contact any board member.

Regards,

John DeWitt, Gwen Walcott, Joyce Woods (replaced Gilbert Merriman)
EAA 179 Nominating Committee 2026

Young Eagles Jim Kessler & Art Woods

First things first. We must thank all the volunteers who made this rally happen:

Ground crew: Ethan Lee, Alex Carothers, Chris

McIntyre, Tim McKenney, Matt Crowshaw Daniel Kiehne and George Young

Pilots: Kyle Reinhardt, Joyce Woods, Scott Harness, Emilio Verestegui, Carol Sugars, Scott High, Jim Kessler, Mark Sturm and Art Woods.

Forty-four Young Eagles got airborne on Saturday. The good news was that we had 9 pilots, most of the pilots flew 3 times and we had many of our 4 seat airplanes this month. The weather was perfect and tower had us using both Runway 22 and Runway 17 which really kept the flights moving. The Double Eagle Airport tower controllers were awesome as usual!

Next month we hope to fly many of the CAP volunteers who helped during LOEFI.

If you've been thinking about joining us for a Young Eagles rally, our next event is on November 14th. If you haven't completed the Youth Protection Training here is the link. It is a tremendously rewarding experience flying the next generation of aviators, and it is fun for them too.

[EAA Youth Protection Policy and Program | EAA](#)

Thanks for your terrific support.

Jim Kessler, Art Woods
Young Eagles Coordinators
eMail: youngeagles@eaa179.org
web: <https://eaa179.org/youngeagles/>

Scholarship Update

Mia Alderete, Rowan Pflieger

From Dash Quinn

This new season has been packed. I've begun my first year of college at the University of New Mexico. I have daily Chinese classes; I am up early for AFROTC training, where we rotate flight responsibilities weekly and practice mission leadership and execution every M/W/F.

Alongside beginning college, October 4th is when I officially began my Private Pilot flight training at Del Sol Aviation. I also recently had the rewarding opportunity to volunteer at the Land of Enchantment Fly-In, teaching our future pilots how to use flight simulators.

Thank you so much to EAA Chapter 179 for all the support!

Dashiel Quinn

2026 Reimer Memorial Scholarship Recipient

From Ethan Lee

Hello my name is Ethan and I just soloed at the end of last month! It was a very thrilling experience and made me feel more free than I ever have. None of my legs in the pattern were extended, and the whole process was super smooth since I was able to do it in the early morning when the airspace is calm.

I'm grateful for all of the support I've been given along the way, and I'm looking forward to what's next!

Ethan Lee

2026 Rick Richter Memorial Scholarship Recipient

From Mike Paxson

I have joined the High Desert Flyers Association and will be doing my Private Pilot Training in the RV-12. Coincidentally, this is the RV-12 that the Chapter built and it is the aircraft I modeled my first PedalPlane after for the Chapter. (LOEFI 2022). Feels like a full circle moment.

Mia Alderete will be my primary flight instructor. I had my first lesson on

September 8, 2026 and it went great! What a fun aircraft to fly and I look forward to completing my license. Today, (9/25/2026), I took my Private Pilot Airplane Knowledge Exam and passed! I spent a few months studying independently using Sporty's Learn to Fly course and must say, it prepared me very well for the Knowledge Exam.

Mike Paxson

2026 Henderson Opportunity Scholarship Recipient

Chapter 179 offers an array of Scholarships each year; see the list at eaa179.org/Scholarships. There are other resources targeted to aviation pursuits:

EAA National Aviation Foundation Scholarships (2026–2027)

Applications are open for EAA Aviation Foundation scholarships supporting flight training and post-secondary education in aviation-related fields. Applicants must be at least 16 by March 1, 2027. Applications are due December 16, 2026.

More information and applications: <https://www.eaa.org/scholarships>

AOPA Foundation Aviation Scholarships (Fall 2026)

The AOPA Foundation offers scholarships to help pilots at all stages of their journey, from earning a private pilot certificate to pursuing advanced ratings, transitioning to a new aircraft, or completing specialized training to advance their aviation careers.

Application Deadline: December 31, 2026

More information and applications: <https://www.aopa.org/scholarships>

The Chapter FLY MART was run by Bob Waters and Sara Russamano

Building wing ribs with Brian Smith, Kevin Frick and Art Tangen (below, center)

Making paper airplanes to fly, OR assembling candy airplanes to EAT! Youth Activities area was run by Angela Baldonado and countless other volunteers.

Practicing fabric technique with Tim McKenney

Learning metal fabrication with Dan Horschel

Gold Sponsor, Air One Systems introduced basic wiring skills to attendees to inspire avionics careers.

UNM Lifeguard displayed a King Air used for air medical missions for their second year. They also supported the Girls in Aviation Day event hosted by the local chapter of Women in Aviation

Ladd Klingsmith (right) of Four Corners Cubs, the southwest Cubcrafters dealer, flew in from Mack Mesa, CO (Grand Junction area). Pictured with local Bill Lemon (left) who also displayed his Cubcrafters aircraft. Ladd loved his first LOEFI and said he'll be back next year!

The Lobo Wing of the Commemorative Air Force's PX — always a show favorite! Visit their Moriarty hangar and join them for Saturday lunch year round!

LOEFI 2026 – Chapter 179 Presence Tribute to EAA 179 Volunteers

The Land of Enchantment Fly-In (LOEFI) happens each year because chapter volunteers show up and make it so. From parking cars, to welcoming guests at the front entrance, to judging aircraft, inviting exhibitors, hosting a special oasis for pilots, providing chapter information on all our activities and what we do to support aircraft builders, youth, and people pursuing aviation education. All proceeds from LOEFI go towards our charitable purposes, primarily aviation scholarships.

Josh Brown, DEAA alumni, now student pilot, shared info about the chapter's Double Eagle Aviation Academy.

LOEFI 2026 – the Pilot Oasis

Dianna Volker

Early fog which broke way to sunshine and a beautiful day for a “Fly In”. The chapter hosted its second annual “Pilot’s Oasis” during LOEFI 2026. If a pilot flew in, walked, in or drove in they were Welcomed in the Oasis. More than 30 pilots attended a New Mexico Back Country Flying safety seminar given by John Lorenz. They were treated to breakfast burritos from Albertsons, Rise & Roast donuts, fruit, coffee, and juice

The Oasis was a special place for pilots to reconnect with old friends, make new friends, and share their love of all things’ airplane. Raffle prizes were given out with a beautiful “gauge style” humidior, donated by Havana House Cigar Shop and a David Clark headset as the Grand Prizes. University Volkswagen/Mazda displayed two beautiful vehicles at the Oasis. The prizes and winter are listed in the table below.

We would like to Sincerely Thank All of our Sponsors for making this year’s “Oasis” the place for pilots to be!

LOEFI 2026 Pilot Oasis - Door Prize Winners

Sponsor	Prize	Winner
Aircraft Spruce	\$75.00 Gift Card	Alfonso Sanchez

LOEFI 2026 – Raffles

Jet Pedal Plane, Southwest Airline Tickets

Again this year, two Raffles were offered to the public. Tickets purchased at the Chapter booth and the drawings took place at 1400. Prizes were sponsored by University Mazda and Southwest Airlines respectively.

Custom “F-18 Super Hornet” Pedal Plane

The Exclusive Sponsor for the custom “F-18 Super Hornet” Pedal Plane was University VW-Mazda. They displayed the Pedal Plane in their showroom in weeks before LOEFI, helping advertise the raffle and the event.

The **winner** of the “Super Hornet”
James S. of Albuquerque

Two Round Trip Tickets – Southwest Airlines

Southwest Airlines donated 2 Roundtrip Tickets for domestic travel in the United States and its territories and possessions, including Puerto Rico.

The **WINNER** of the Southwest Airlines Tickets
Eric Vyking

Thanks to dedicated volunteers, Cynthia and Raymond Al-derete and the generous Southwest Airlines employee gifting program for the Southwest Airline tickets .

LOEFI 2026 – LOEFI from the Simulator Side - The New Pilot Experience

Jim Kessler

This year we had a new idea for how to manage the simulators. When I say we, I really mean Doreen Branch. Doreen came up with the idea of actually preparing the Potential Simulator Pilot (PSP), so we didn't need to spend valuable time explaining the instruments and flight controls. It was a brilliant idea, so we tried it this year and it was fantastic.

We had three stations that were required before a simulator flight and one additional station to receive a sticker. Everyone loves stickers. The stations didn't have to be completed in order, but they were designed to build upon each other.

The first station was a preflight. We started with Matt Croshaw and Daniel Kiehne using my airplane to show the PSPs a simple preflight. They walked them around the airplane and pointed out the wing and ailerons, the tail and elevator and rudder, the static port and pitot tube. They showed them how the control stick moved the different flight controls, and they explained how the propeller worked. Station One was designed to pull them in.

The second station concerned flight instruments and how to read them. Mateo Rodriguez took charge of that for most of the day. We had an instrument panel mockup for the "6-pack" of "steam gauge" instruments and a graphic show-

ing the glass panel version. Next year we might throw in a quiz at the end of this station.

At the third station there was a discussion of traffic patterns and runway-naming convention. I took the graphic of the traffic pattern from George Young's presentation for DEAA. The idea was for the PSPs to know enough about traffic patterns to fly one when they got into the simulator.

We had three simulators up and running all day thanks to the Dan Horschel's efforts the week before. Dash Quinn, Davis Aragon, and Jude Baldonado were in charge of the simulators, though we slid others in as needed. Alex Carothers got a long turn in the afternoon.

Matt Croshaw leads PreFlight Activity

The extra station, to win the beloved sticker, focused on radio communication. Isabella Baldonado took on the effort. We used DEAA scripts to show the PSPs what it's like to enter and/or leave either a controlled or uncontrolled airport. Many stickers were presented this year at LOEFI.

Now the other brilliant part of the day was each PSP got an activity card that we signed as each event was completed. Caesar Archangel designed the card, and the welcome center handed them out.

As you can tell, this was a multifaceted effort in 2026, but I can truly say the Simulator Pilots (SP) got much more out of the experience than they have in previous years. Thanks to all, named and unnamed (because I'm sure I missed a few), who helped make this year a big success.

Jim Kessler
"New-Pilot Experience" Organizer

LOEFI 2026 – Civil Air Patrol Support

Marshalling, Presentation of Colors, Exhibitors, and everything else! Thank You!

The local unit of the Civil Air Patrol have been a yearly supporter of LOEFI. Here are some highlights.

We extend our Thanks to Squadrons of the CAP New Mexico Wing:

Capt James McKelvey, Albuquerque “Eagle” Squadron
Capt Rajesh Shethia, Heights “Spirit” Squadron

Color Guard for the opening of LOEFI.

Marshalling aircraft as they arrive, directing them to a parking place, and when they leave.

Cadets have the chance to introduce future Cadets to aviation.

And they were right there to assist with Pilot Registration.

The CAP booth in the Exhibit Hall provided visitors with information about the Civil Air Patrol.

Thank You, LOEFI Exhibitors and Pilot Oasis Sponsors!

NM Aviation Division “Safe Skies” Program Quarterly Safety Seminars - Around the State

Safe Skies New Mexico is an aviation safety seminar series designed to bring practical, real-world safety education directly to pilots, aircraft owners, maintainers, airport sponsors, and aviation enthusiasts across the state.

Each session *qualifies for FAA WINGS credit* and focuses on topics that general aviation pilots regularly encounter in New Mexico’s operating environment.

These are offered at no cost and intended to be practical, discussion-driven learning opportunities rather than formal lectures. Our goal is to support the GA community and strengthen safety culture statewide.

Technology Reliance

Automation & Avionics in the Modern Cockpit

by Whitney Van Brink

0930 Saturday, November 14, 2026

Coffee, refreshments prior

WHERE: Desert Aviation FBO, Deming (KDMN)

The technology available in today’s general aviation cockpits is nothing short of amazing. Over the last few decades, we’ve moved from analog gauges to sophisticated glass cockpits, highly capable autopilots, and unprecedented access to weather, navigation, and traffic information. These advancements can reduce workload, improve situational awareness, and enhance safety in ways that would have been difficult to imagine a generation ago.

However, technology is only as effective as our ability to use it properly. As our cockpits become more capable, we must understand not only what our equipment can do, but also its limitations and the risks of becoming overly reliant on it. We’ll explore how to make the most of modern cockpit technology while maintaining the fundamental flying skills, situational awareness, and sound judgment that remain essential to safe flying.

For WINGS announcement and to register for FAA WINGS credit:

Watch for FAA WINGS posting—[coming HERE soon.](#)

A large, colorful poster for the "Safe Skies New Mexico 2026 Aviation Safety Seminar Series". The background features a desert landscape with mountains and a sunset sky. At the top, the "SAFE SKIES NEW MEXICO" logo is prominently displayed, featuring a stylized red and yellow sun with a blue airplane flying through it. Below the logo, the text "2026 AVIATION SAFETY SEMINAR SERIES" and "Aviation Safety Education for Pilots, Owners & Maintainers" is shown. A banner indicates "FAA WINGS CREDIT AVAILABLE". The "2026 SEMINAR SCHEDULE" is listed in three boxes: 1. MARCH 28, 2026 | 0930-1200 | Double Eagle (AEG) | OWNER & OPERATOR MAINTENANCE (Tips for owner-performed maintenance & compliance). 2. JUNE 20, 2026 | 0930-1200 | Farmington (FMN) | MOSAIC PROGRAM FOR PILOTS & MAINTENANCE (Understanding the FAA's MOSAIC framework). 3. SEPTEMBER 18, 2026 | TIME TBD | Roswell (ROW) | FLY NEW MEXICO AND THE WILDS (Density altitude operations & remote area flying). A fourth box at the bottom shows NOVEMBER 14, 2026 | 0930-1200 | Deming (DMN) | TECHNOLOGY RELIANCE (Automation & avionics in the modern cockpit). To the right, a "WHO SHOULD ATTEND:" list includes: Pilots & Aircraft Owners, A&P & IA Technicians, Aviation Enthusiasts, Airport Sponsors, and FBO Operations. At the bottom, logos for the "aviation division New Mexico DEPARTMENT OF TRANSPORTATION" and the "FAASafety Team NEW MEXICO" are shown, along with the text "FAA WINGS CREDIT • NO-COST STATEWIDE SAFETY EDUCATION".

Civil Air Patrol (CAP)

Chapter 179 and CAP NM-083 have joined frequently in supporting each other's events. This includes Chapter members being also members of the CAP *Albuquerque Heights Composite Squadron*. They have asked if we might lend our support in raisign funds for the Squadron.

They have arranged with Smiths Food and Drug to receive donations from purchases on the store's Shopper's Card.

**Support Civil Air Patrol NM-083
every time you shop at Smith's.
Signing up is free and easy**

To get a Smith/Kroger "Shopper's Card", and register your digital account to CAP NM-083,

- Go to SmithsFoodandDrug.com/inspire
- Apply for an account if necessary, then link your Rewards Card by entering the CAP Squadron's number: **TI167**

Then every time you shop at Smith's with your Rewards Card, .05% of your total order will go to CAP NM-083

Call for Chapter 179 - Scholarship Donors

We're proud of our recipients and enjoy sharing in their successes!

As our 2026 Scholarship program is well underway, it's a good time to consider contributing. Chapter 179 scholarships are funded by a combination of donations and from funds from activities throughout the year.

We appreciate donations of any amount to our Chapter 179 Scholarship fund, to extend EAA's Ray Scholar Fund, or in past member Memorial funds. Your specific wishes may be designated in the optional notes at the top.

You can donate online via Paypal or Credit Card:

Or send a check to:

SPECIAL NOTE: Chapter 179 on Facebook

Lance Hunter, Chapter Publicity

For those of you who follow things on Facebook, we have two spaces, one, a Facebook PAGE, directed to the public and the other a Facebook GROUP for Members and others closely associated with the Chapter.

[Experimental Aircraft Association Chapter 179](#), is our outlet to the public. Anyone can go to this page and see information about the Chapter and its activities.

[EAA Chapter 179 New Mexico](#) is a Private GROUP. Only users who have joined have access to it. It will have up-to-date information and Members can participate with their own posts and in dialogs via Likes, comments, and replies.

Lance Hunter and Kyle Reinhardt are our lead FaceBookMasters, who manage both and keep Chapter information up to date. Contact them with questions or ideas.

NM Aviation and Other Organizations and Resources Of Interest

The Editor

There are many organizations serving aviation interests in New Mexico. These include EAA Chapters and other such organizations, but also government agencies and commercial enterprises. In future months I plan to present a synopsis of the significance of some of these resources, what is interesting about them or what they offer in the way of enhancing our flying experiences.

This is a starter list of organizations that I have tracked down. If you know of others or have corrections or updates, please send me eMail at newsletter@eaa179.org. And if you use any of these regularly, please consider providing a synopsis and review. Thanks.
