Introduction to Flight

For adults who have always wanted to fly, this is your chance for a FREE introduction to all you need to know to kick start your journey.

At 8 AM, attend an introductory presentation to explore various flight training goals and options. You'll leave with information on how to proceed to obtain a pilot certificate. Following the program, a volunteer pilot will take you for a FREE introductory EAGLE flight, weather permitting.

EAA Flying Start & Eagle Flights are for adults who are serious about learning to fly. EAA pilots volunteer as mentors to "show you the way", based on your individual situation. *If you are serious about flying, register today!*

Program:

- ▶ Introduction to Flight
- ▶ What's Required to Fly

Where: Double Eagle II Airport
